Agricultural Dean’s Residence
620 Babcock Drive
CALS Conference Services provides assistance in planning and organizing events for university and state-affiliated groups. We plan events, large and small, including conferences, continuing education programs, banquets, receptions, association meetings, and expositions in places from Eureka, California to Boston, Massachusetts, as well as in most cities in Wisconsin and all around campus.

Our goal is to provide leadership and high-quality services so that your event is meaningful for your participants and as painless as possible for you, the coordinator.

Flexible Services

We realize that each program is different, with its own particular goals and unique needs. Our wide range of services allows us flexibility to tailor a plan as individual as your program.

We offer a free consultation to discuss your event and will provide you with a quote for the cost of our services. By customizing our services, you can take advantage of exactly what you need at a price that is well within any event budget. Let us concentrate on the details so you can focus on the program itself.

Contact Us!

Call us at 608-263-2421 or 608-265-0482. Together, we will decide which of our services meet your particular needs.

Planning and Support

We can help you eliminate the potential pitfalls that can overshadow even the best program or event. Our staff can assist you with the following details so you can concentrate on the program itself:

- Establish location, menu and lodging arrangements
- Order instructional materials, supplies, and AV equipment
- Prepare program evaluations and summaries
- Assemble participant packets and instructional notebooks
- Confirm speakers, arrange transportation, book entertainment and tours

Registration

A major concern for any conference planner is registration. Registration represents a direct commitment of time and money from your audience to participate in your event. We provide the following registration services:

- Promptly and professionally register participants
- Provide on-line registration services
- Prepare standard or customized name tags, certificates and rosters
- Provide confirmation letters
- Collect income and process fees
- Produce up-to-date registration status reports

Financial Management

Financial management is another way we can assist you in achieving a successful program. CALS Conference Services provides these financial services:

- Process all bills and payments related to the conference
- Determine program budget, including estimates for travel, supplies, and expenses
- Produce financial report summaries for review of revenue and expenses
- Provide guidance on university fiscal policies for conferences and other events
- Determine registration fee schedules

Marketing

We can design the appropriate promotional brochures and press releases to tell your audience what’s being offered and how they can benefit from it. Our marketing services include the following:

- Design and develop brochures and other publications
- Mail program announcement, brochure or other promotional materials
- Write and send press releases to the appropriate publications
- Design newsletters
- Host event-related information on our web site
